

# Amtgard, Kingdom of Westmarch, Inc. Corpora of Bylaws

## Amendment Changelog

The Kingdom Corpora was revised from the Principality Corpora by the Corpora Committee created by Sir Euric Bloodstone, Prince of Westmarch. The revision and additions for Kingdom were completed March 3, 2012 (v1). The Kingdom Corpora became live when the Amtgard Circle of Monarchs voted to elevate the Principality of Westmarch to Kingdom at the Gathering of the Clans on Saturday, July 27, 2013. The following is a changelog of amendments to that document since then:

- [April 6, 2015](#): Five items voted on at one go to add structure for events, change credits to comply with the version 8 Rules of Play, make Board of Directors elections more strict, and add structure for removing Core status to a land which is demoted down to Shire. (v1.1)

On December 16 of 2015, King Kalevra Fallstar I called together a new Corpora Review Committee to find places where the Kingdom Corpora could be further fine tuned and to solve some of the issues that operating under the corpora for over two years had uncovered. The following amendments are those recommended by the committee:

- [April 18, 2016](#): Three items voted on that were added to the back of the Kingdom Monarchy election. These changes were mainly clarifications and rewording of existing text to read better and to better reflect the realities of the Kingdom, ie: having parks outside of California. (v1.2)
- [August 16, 2016](#): Ten items brought before the Althing from the Corpora Committee. While most were minor changes to bring the corpora inline with reality and the Rules of Play, major changes included quarter credits for scheduled A&S meetings, adding the responsibility to the Regent of keeping track of the Kingdom's/park's property, and mandating that the Prime Ministers obtains new waivers from players every three years at least. (v1.3)
- [October 26, 2016](#): Eleven items with many small rephrasings and clarifications. A couple of notable additions: allowing the monarchs of local groups to appoint class guildmasters and other un-codified positions as they see fit and allowing a GMR to recycle a previous GMR's tests with permission and verification that the tests are still accurate to any rulebook changes. (v1.4)
- [November 9, 2016](#): 23 Corpora amendments were voted on, but only 22 obtained the requisite votes. All having to do with Article VI: Crown Qualifications. Most were clarifications and rephrasings to make more sense. Major changes included mandating that pro-tem officers pass reeves and corpora tests, and some small changes to how judging is done, particularly in regards to the Rose category. (v1.5)
- [December 12, 2016](#): 12 Corpora amendments, including the one amendment that failed to pass from the November Althing were voted upon. With the exception of that resubmitted amendment, all the remaining amendments pertained to Article V: GOVERNMENT. Highlights include clarifications to reflect how the Kingdom has been ran in regards to online presences, clarification to the promotion, demotion, and other changes to a land's status within the Kingdom, allowance for weekday lands to be involved in the voting process, and other small clarifications to the text. (v1.6)
- [August 8, 2017](#): Althing included seven Corpora amendments. First amendment dealt with how abstentions were handled within the Circle of Knights and the rest of the amendments dealt with Article VII: EVENTS. Highlights include adding funding and a fee schedule to bids, adding Darkshore, attempting to add Westmarch Wars, and making small modifications to the automatic banking of proceeds and expending of proceeds on storage for both Feast of Mars and Darkshore. The Article VII were from the last of the amendments voted on from the December 2015 Corpora Committee. (v1.7)
- [September 7, 2017](#): This Althing included a second take on adding Westmarch Wars to Article VII: EVENTS. Just this time the verbiage requiring WMW to include midreign was removed. (v1.8)

The September 7, 2017 Althing marked the end of the second Corpora Committee's suggested amendments. The following Althing dates had successful corpora amendments:

- [November 7, 2017](#): Two corpora amendments were included with this Althing. The first was to adjust the verbiage for land audits in Article IX to refine the definition of "Proof of advertising" as required for the biannual audits. The second was to allow the option of dropping the highest and lowest scores in the Cultural Tournament for Qualifications and Midreign. (v1.9)
- [May 6, 2018](#): Two corpora amendments were the subject of this month's Althing. First amendment was to legislate the dissolution process for a park's funds when the park stopped meeting. The second item was to define the biannual land audits period definitively within a calendar year. A note of historical interest: this was the first Althing with a corpora amendment to include votes from Sponsored lands as well as Core thanks to the Non-Core Voting Trial that went into effect after the January 2018 Althing. (v1.10)
